

PROFESSIONAL EXPERIENCE

Senior Performance Analyst (November 2021 – Present)

Assistant Director of Sports Analytics (August 2016 – March 2018)

Nebraska Athletics Performance Lab, Lincoln, NE

- **Baseball Performance Lead:** Oversee research and reporting efforts across analytics and sport science including workload monitoring, fatigue monitoring and biomechanics assessments. Organize and lead performance team meetings, collaborating with athletic medicine, strength and conditioning, sport psychology and nutrition.
- **Technical Advisor:** Performance team representative for Artificial Intelligence Task Force vetting new technologies and developing plans for implementation.

Player Development Analyst (March 2018 – November 2021)

New York Yankees, Tampa, FL

- **Staff Education/Development:** Established and managed an online education platform servicing the entire Baseball Operations (New York), Player Development (Tampa) and amateur and pro scouting departments. Assisted directors and coordinators in developing and delivering course content. Led initiative designed to evaluate coaching performance and align organizational resources and philosophies to develop coaches at all levels.
- **Player Evaluation:** Utilized internal metrics and organizational philosophies to determine industry value for players within our organization. Assisted in decision-making process regarding free agency, rule 5 status, prospect rankings and roster construction.
- **Player Development:** Organized and led initial rollout of structured end-of-year meetings with players across all levels (R-AAA). Provided objectives with metric focused messaging while collaborating with coordinators, affiliate coaches and other support staff in developing off-season training plans.
- **Advance Scouting:** Supported the efforts of the quantitative analysis and advance reporting teams in preparing presentations and reports for major league coaching staff prior to each playoff series. Spent 6 weeks at AA affiliate covering role of Advance Scouting Analyst preparing material for use in advance meetings and in-game.
